796

A diagram of a rectangle with a width of 796. The rectangle is shaded gray. Below the rectangle, a dimension line with arrows at both ends indicates the width, labeled with the number 796.

A schematic diagram of a building structure. It shows a central vertical core with four horizontal levels. The core is composed of four stacked rectangular blocks. At the base of the core, there are two horizontal bars. On either side of the core, there are two vertical columns. The entire structure is enclosed within a rectangular frame.

SERIE(S)/СЕРИЯ 6090

A schematic diagram of a building layout. It features a central vertical core with four horizontal levels. At the base of the core, there are two small rectangular columns. To the left and right of the base are two larger rectangular columns. The entire structure is enclosed within a larger rectangular frame.

A schematic diagram of a building structure. It shows a central vertical core with two horizontal levels. The core is flanked by two vertical columns. The building has a total of six horizontal levels, including the ground floor. The top level is a flat roof. The diagram is used to illustrate the structural analysis of a building under seismic loads.
